

## **PARENT AND 8<sup>th</sup> GRADER INFORMATION NIGHT**

Please join us at Camden County Technical Schools to learn how your 8<sup>th</sup> grader can have it all – a high school education, employable skills, and the opportunity to earn college credits while still in high school. Graduates of CCTS have many options including obtaining employment in a career that is in demand, and attending two- and four- year colleges.

Students at CCTS attend school for a full day and receive their academics as well as career training plus the opportunity to participate in clubs, sports and a variety of after school activities. CCTS offers 33 career areas in allied health, business, leadership, technology, hospitality, the arts, and the building trades.

To learn more about our high school as a tuition-free option for your 8th grader, please attend one of our Information Sessions.

**Wednesday, January 25, 2012 at 6:30 pm**  
**Gloucester Township Campus**  
343 Berlin Cross Keys Road  
Sicklerville, NJ 08081

**Wednesday, March 15, 2012 at 6:30 pm**  
**Pennsauken Campus**  
6008 Browning Road  
Pennsauken, NJ 08109
